Class Structure

Instruction is divided between written barber theory and practical skills training. Barbering concepts are introduced in barber theory classes. This is done through a combination of lectures, reading assignments, and instructor demonstrations utilizing specifically chosen live subjects.

The practical lab is where students are given the opportunity for hands-on practice of the barbering concepts introduced in barber theory classes. Mannequins are utilized for practice in most cases; however, in some cases students will be given the opportunity to recruit a live subject to practice certain techniques (e.g. facial, manicure).

Once a student has demonstrated mastery of the barber theory concepts and the practical hands-on applications, then they are eligible to begin practicing on live clients in the practical clinic.

Student Classifications

Students are classified based upon the number of hours they have completed. These classifications are mostly used by school officials to differentiate between groups of students. The classifications are as follows:

1. Freshman = 0 – 225 Clock Hours
2. Sophomore = 226 – 450 Clock Hours
3. Junior = 451 – 900 Clock Hours
4. Senior = 901 – 1,500 Clock Hours

Satisfactory Academic Progress (SAP) Policy

The Satisfactory Academic Progress (SAP) Policy is consistently applied to all students enrolled at *Top of the Line Barber College*. This policy is published in the catalog to ensure that all students receive a copy prior to enrollment. The policy complies with the guidelines established by the National Accrediting Commission of Career Arts and Sciences (NACCAS) and the federal regulations established by the United States Department of Education. There are two standards that must be met: a **qualitative (academic) standard** and a **quantitative (attendance) standard**.

Academic Evaluations

The **qualitative standard** requires that a student achieve a minimum grade point average (GPA) of 70% at the end of the first pay period and every pay period thereafter with a Cumulative Grade Point Average (CGPA) of at least 70% in order to graduate from Top of the Line Barber College. In the event a student does not achieve a 70% cumulative grade point average at the end of the first pay period, or a cumulative grade point average of 70% at the end of any pay period thereafter, the student will be placed on Academic Financial Aid Warning (AFAW) for the next pay period. This status may be assigned for a single consecutive pay period without an appeal, and students may receive Title IV funding while in this status for one SAP review period. Students on Academic Financial Aid Warning status are expected to take corrective action in order to meet SAP standards by bringing the cumulative grade point average to 70% by the next SAP review. Students who meet the SAP standards at the next SAP review have the Academic Financial Aid Warning lifted. If the School determines that the student is not meeting SAP, the student may appeal the determination. Please see **Academic**

Financial Aid Probation (AFAP) and Academic Appeals. If the student elects not to appeal the determination of the School, he/she will be dismissed from Top of the Line Barber Program.

Attendance Evaluations

The **quantitative standard** requires students to complete their program of study within 150% of the normal timeframe allotted for completion of the program (*see Maximum Time Frame chart and details in the next section below*). In order to ensure completion of a program within the maximum timeframe, Top of the Line Barber College requires students to successfully complete 67% of scheduled hours by the end of the first pay period and by the end of each pay period thereafter. If a student withdraws from the Barbering Program, the scheduled clock hours are included in determining the quantitative standard of satisfactory academic progress. All students must have completed a minimum of 67% of clock hours scheduled in order to graduate within 150% of the normal timeframe. Students must maintain a minimum cumulative clock hour completion ratio (CHCR) of 67%. Cumulative completion percentage is derived by dividing the number of clock hours scheduled, into the number of clock hours earned (actual hours).

A student whose cumulative completion rate falls below 67% after the first pay period or any pay period thereafter is placed on **Academic Financial Aid Warning (AFAW)** for the next SAP review period. This status may be assigned for a single consecutive SAP review period without an appeal, and students may receive Title IV funding while in this status for one SAP review period despite the determination that the student did not maintain SAP. Students on Academic Financial Aid Warning status are expected to take corrective action in order to meet SAP standards by bringing the completion rate to 67% by the next SAP review. Students who meet the SAP standards at the next SAP review will have the Academic Financial Aid Warning lifted. If the School determines that the student is not completing the program within the maximum 150% timeframe, the student may appeal the determination. Please see **Academic Financial Aid Probation (AFAP)** and Academic Appeals. If the student elects not to appeal the determination of the School, he/she will be dismissed from Top of the Line Barber Program.

Maximum Time Frame

The maximum time (which does not exceed 150% of the course length) allowed for students to complete each course at satisfactory academic progress is stated below:

Course	Course Length (Clock Hours)	Course Length (Weeks/Days)	Maximum Time Frame (Clock Hours)	Maximum Time Frame (Weeks/Days)
Barbering (FT)	1,500.00	43 Weeks/215 Days	2,250.00	57 Weeks/285 Days
Barbering (PT)	1,500.00	75 Weeks/300 Days	2,250.00	112.5 Weeks/563 Days

The maximum time allowed for transfer students who need less than the full course requirements will be determined based on 67% of the scheduled hours.

If a student's enrollment exceeds the maximum time frame allowed, then the student will be terminated from the program. If the student is a Title IV Federal Financial Aid recipient, then he/she will lose eligibility for financial aid due to non-compliance with the school's SAP policy. This could result in the student being forced to repay any Title IV funds awarded and disbursed on their behalf.

When determining SAP, the Qualitative and the Quantitative are determined independently of each other and a student may be placed on Academic Financial Aid Warning (AFAW) or Academic Financial Aid Probation (AFAP) for either qualitative or quantitative or both at the end of a pay period.

SAP Evaluation Periods

Students are evaluated for SAP once they reach certain enrollment milestones (pay periods). Evaluations will determine if the student has met the minimum requirements for satisfactory academic progress. The frequency of evaluations ensures that students have ample opportunity to meet both the attendance (quantitative) and academic progress (qualitative) requirements of at least one evaluation by midpoint in the course. **SAP evaluations are based upon scheduled hours.** The evaluation periods are as follows:

1. Period 1: 450 Clock Hours
2. Period 2: 900 Clock Hours
3. Period 3: 1,200 Clock Hours
4. Period 4: 1,500 Clock Hours

SAP Evaluations and Progress Reports will be issued by the Program Director and must be completed within 7 School Business Days of the SAP date of determination. The Program Director will provide students with a notice of when their SAP evaluations will be conducted as well as an appointment time for the review. If the Program Director is not able to meet with the student (due to an issue outside of their control/mitigating circumstances) during their scheduled evaluation period, a formal letter notifying the student of their Satisfactory Academic Progress status will be sent via U.S. Postal Services to the address listed on the students enrollment agreement at the time of enrollment. The formal letter must be post marked within 7 school business days from the SAP date of determination. A copy of all SAP progress reports will be kept in a student's file; students have the right to request a copy of these reports if they misplace their original.

Re-Entry Students

If the student re-enters the program in less than ninety (90) days from his/her official withdrawal date, then SAP will be calculated based on the enrollment period agreed upon in the original enrollment contract. If the student enrolls ninety (90) days or more past his/her official withdrawal date, then SAP will be calculated based upon the midpoint of the contracted hours or the established evaluation periods, whichever comes first, in the new enrollment contract. Please note that re-entry students will receive credit for all hours earned and course work completed except where prohibited by state law.

Transfer Students

Transfer students will be evaluated for SAP at the midpoint of the contracted hours or the established evaluation periods, whichever comes first.

Academic Progress Evaluations

Student knowledge of written barber theory is assessed through written examinations. A test is administered upon completion of each chapter of the barbering textbook. Most tests consist of multiple-choice questions.

Practical Skills Evaluations

A student's practical skills are assessed through timed evaluations after the completion of chapters and the required laboratory class covering the following skills.

1. Health, Safety & Sanitation Procedures
2. Haircuts (Male & Female)
3. Shaving
4. Chemical Relaxers
5. Permanent Waving
6. Hair Coloring

7. Hair Lightening

Minimum Passing Grades & Re-tests

A student must earn a minimum score of 70% on a written barber theory examination or practical evaluation to successfully pass a unit. If a student fails to earn a score of 70%, then the student will be given two (2) opportunities to retake the examination or evaluation and earn a passing score. If a student is unable to achieve a passing score after the two (2) makeup opportunities, then the student will receive the higher grade of the three (3) tests. A student will be granted a fourth opportunity to successfully earn a score of 70% as a part of an action plan given to the student after a determination of non-compliance with SAP during an SAP evaluation.

Make-Up Assignments

It is the sole responsibility of a student to make-up any assignments missed while absent. Students are to speak with an instructor to get any assignments missed and/or to schedule a missed test.

Leave of Absence

A leave of absence may be granted for students who must miss an extended period of time but want to remain enrolled. All requests for a leave of absence must be submitted in writing and cannot exceed a period of 180 days in any 12-month period. School officials will meet with the student to determine the length of time to be granted for the leave of absence. All leaves of absence must be approved by school faculty and administrators. An approved leave of absence will result in the student's enrollment agreement being extended by the same number of days taken for the leave of absence. Additionally, an approved leave of absence will extend a student's maximum time frame by the same number of days. If the student chooses not to return to school after a leave of absence, then his/her withdrawal date will be the last verified date of attendance for the purposes of calculating any applicable refund.

Transfer Hours

Regarding Satisfactory Academic Progress, a student's transfer hours will be counted as both attempted and earned hours for the purpose of determining when the allowable maximum time frame has been exhausted. SAP evaluation periods for transfer students are based on actual contracted hours at the institution.

Grading Scale

The grading scale used by the school is listed below. All students must maintain a minimum of a 70% GPA to be considered making satisfactory academic progress.

GRADE	NUMERICAL RANGE	GPA
A+	100-96	4.0
A	95-93	3.5
A-	92-90	3.25
B+	89-86	3.0
B	85-83	2.75
B-	82-80	2.5
C+	79-76	2.25
C	75-70	2.0
D	69-60	1.0
F	59-0	0.0
I	INCOMPLETE	N/A

Progress Reports

A student will receive a progress report, which is a record of training hours earned and barber theory coursework that has been completed as well as a determination of the student's compliance with the SAP policy. Students who are determined to be non-compliant with the SAP policy will be provided with an action plan to ensure they remain in good standing with the school. All progress reports are based on scheduled hours.

Transfer and re-entry students will receive a progress report at the midpoint of their contracted hours or according to the school's established evaluation period, whichever comes first. See complete Re-Entry Students and Transfer Students for full detail and explanations.

Determination of Academic Standing

Students meeting the minimum requirements for academics and attendance at the evaluation point are considered to be making satisfactory academic progress until the next scheduled evaluation. Students will receive a hard-copy of their Satisfactory Academic Progress Determination at the time of each of the evaluations. Students determined as not maintaining Satisfactory Academic Progress will be placed on **Academic Financial Aid Warning (AFAW)**. Students will be terminated from the program for a subsequent determination of non-compliance with SAP. Once this occurs, the student is no longer eligible for Title IV Federal Financial Aid; the student must appeal the determination that has resulted in the status of termination and must prevail upon appeal which will result in the status of **Academic Financial Aid Probation (AFAP)** to restore Title IV Financial Aid eligibility. School officials will immediately notify a student of the results of an evaluation that adversely affects his/her Title IV Financial Aid eligibility. See Academic Financial Aid Probation (AFAP) and Academic Appeals.

Academic Financial Aid Probation (AFAP)

If a student fails to meet the minimum requirements for attendance or academic progress on an SAP evaluation, then the student will be placed on probation under the following conditions:

1. The student must appeal the decision and prevail upon appeal to be considered to meeting minimum satisfactory academic progress standards during the probationary period. The appeal must be submitted within ten (10) calendar days of the original SAP evaluation.
2. School officials must determine that the student would be able to meet minimum SAP standards by the conclusion of the subsequent SAP evaluation period.
3. School officials must develop an action plan that the student must adhere to in order to meet minimum SAP standards by the end of the subsequent SAP evaluation period. Students who are progressing according to their specific academic plan will be considered making Satisfactory Academic Progress.

The student will be advised in writing of the actions required to attain satisfactory academic progress by the next evaluation. If, at the end of the probationary period, a student has still not met both the minimum attendance and academic requirements required for satisfactory academic progress or the standard established on the school approved academic plan, he/she will be determined as NOT making satisfactory academic progress and, will be deemed ineligible to receive Title IV federal financial aid funds.

Academic Appeals

If a student is determined to not be making satisfactory academic progress, the student may appeal the determination within ten calendar days. Reasons for which students may appeal a negative progress determination include death of a relative, an injury or illness of the student, or any other allowable special or mitigating circumstance. The student must submit a written appeal to the school on the designated form with supporting documentation of the issues:

- 1) What caused the student to fail originally?
- 2) What has the student done or what has changed to address the original failure?
- 3) Why the determination should be reversed.

This information should include what has changed about the student's situation that will allow them to achieve Satisfactory Academic Progress by the next evaluation point. Appeal documents will be reviewed, and a decision will be made and reported to the student within 15 calendar days. The appeal and decision documents will be retained in the student file. If the student prevails upon appeal, the satisfactory academic progress determination will be reversed, and federal financial aid will be reinstated, if applicable.

Re-Establishment of Satisfactory Progress

Students may re-establish satisfactory academic progress and Title IV aid, as applicable, by meeting minimum attendance and academic requirements by the end of the probationary period. An academic advisor will provide students with an action plan, which outlines the steps a student who is non-compliant with the SAP academic policy must take to return to good standing. If a student is determined to be non-compliant with the SAP academic policy, the student will be required to review and audit the barber theory unit for any failed barber theory examinations or practical skills evaluations. Upon completion of this review, the student will be given a fourth and final opportunity to pass the written barber theory examination or practical skills evaluation. If the student is unable to successfully earn a score of 70%, then he/she will be terminated from the program. If a student is determined to be non-compliant with the SAP attendance policy at the conclusion of the probationary period, the student will be terminated from the program. The student will be required to wait for a period of no less than thirty (30) days before applying for re-enrollment. **The student will return in the same**

class standing they held prior to being terminated. Furthermore, the student will only be allowed to re-enroll if it is possible for the student to return to good standing and comply with the SAP policy.

Interruptions, Course Incompletes & Withdrawals

If enrollment is temporarily interrupted for a Leave of Absence, the student will return to school in the same progress status as prior to the leave of absence. Hours elapsed during a leave of absence will extend the student's contract period and maximum time frame by the same number of days taken in the leave of absence and will not be included in the student's cumulative attendance percentage calculation. Students who withdraw prior to completion of the course and wish to re-enroll will return in the same satisfactory academic progress status as at the time of withdrawal.

Non-Credit & Remedial Courses

Noncredit and remedial courses do not apply to this institution. Therefore, these items have no effect upon the school's satisfactory academic progress standards.

Department of Veterans' Affairs Addendum

Academic progress will be measured at the end of each evaluation period. Failure by a student to maintain a cumulative Grade Point Ratio (GPR) of at least 2.0 for any evaluation period will result in that student being placed on academic probation for the following term. Failure by the student to attain a cumulative GPR of at least a 2.0 during the probation term will result in academic suspension (termination of veteran's benefits) for one term. The interruption will be reported to the Veterans Administration **within 30 calendar days** of the change in status using VA Form 22-1999b.

Veterans who are reinstated for benefits after academic suspension who fail to attain a GPR of at least 2.0 during that term will be placed on academic dismissal for 2 terms. Reinstatement after dismissal will be granted only if mitigating circumstances exist.

Mitigating Circumstances: Mitigating circumstances are those which directly hinder pursuit of a course and which are judged to be beyond the student's control. The following are some general categories of mitigating circumstances. This list is not all-inclusive.

- Serious illness of the veteran.
- Serious illness or death in the veteran's immediate family.
- Emergency financial obligations or change of place of employment or work schedule which preclude pursuit of the course.
- Unanticipated changes in child-care responsibilities.
- Active duty military service, including active duty for training.

This addendum applies to students admitted into our program using the Post 9/11 Montgomery G.I. Bill and other Veterans' Education Benefits offered through the US Dept. of Veterans' Affairs.

Employment Assistance

The training that students receive prepares them for a career as a Registered Barber or a Master Hair Care Specialist; registered barbers are able to perform all traditional barbering services (haircuts, razor shaves, shampoos, etc.) whereas master hair care specialists are able to perform traditional barbering tasks in addition to the chemical services (relaxers, permanent waving, hair coloring) performed by cosmetologists. The course curriculum is designed to train students in the skills necessary to obtain licensure as a Registered Barber or Master Hair Care Specialist; students will have to choose which licensing exam to take upon graduation from the program. Additionally, students can obtain employment in a support industry, such as a product vendor for hair care companies. Information on the employment outlook for barbers and cosmetologists can be found at: <http://www.bls.gov/ooh/personal-care-and-service/barbers-hairdressers-and-cosmetologists.htm> School officials will assist graduates in finding suitable employment by posting area employment opportunities and teaching job readiness classes, however, placement is not guaranteed because of program enrollment or completion. Students will receive help with resume prep, interviews, and how to search for the ideal position. We strive to place all of our students, but *Top of the Line Barber College* school officials cannot guarantee employment for any student.

Duties

Barbers, hairstylists, and cosmetologists typically do the following:

- Inspect and analyze hair, skin, and scalp to recommend treatment
- Discuss hairstyle options
- Wash, color, lighten, and condition hair
- Chemically change hair textures
- Cut, dry, and style hair
- Receive payments from clients
- Clean and disinfect all tools and work areas

Barbers, hairstylists, and cosmetologists provide hair and beauty services to enhance clients’ appearance. Those who operate their own barbershop or salon have managerial duties that may include hiring, supervising, and firing workers, as well as keeping business and inventory records, ordering supplies, and arranging for advertising.

Barbers cut, trim, shampoo, and style hair, mostly for male clients. They also may fit hairpieces, perform facials, and offer facial shaving. Depending on the state in which they work, some barbers are licensed to color, bleach, and highlight hair and to offer permanent-wave services. Common tools include combs, scissors, straight razors, and clippers.

Hairstylists offer a wide range of hair services, such as shampooing, cutting, coloring, and styling. They often advise clients, both male and female, on how to care for their hair at home. Hairstylists also keep records of products and services provided to clients, such as hair color, shampoo, conditioner, and hair treatment used. Tools include hairbrushes, scissors, blow dryers, and curling and flat irons.

Cosmetologists provide scalp and facial treatments and makeup analysis. Some also clean and style wigs and hairpieces. In addition, most cosmetologists actively recommend professional hair care products or salon hair care products.

Important Qualities

Creativity. Barbers, hairstylists, and cosmetologists must keep up with the latest trends and be ready to try new hairstyles for their clients.

Customer-service skills. Workers must be pleasant, friendly, and able to interact with customers in order to retain clients.

Listening skills. Barbers, hairstylists, and cosmetologists should be good listeners. They must listen carefully to what the client wants in order to make sure that the client is happy with the result.

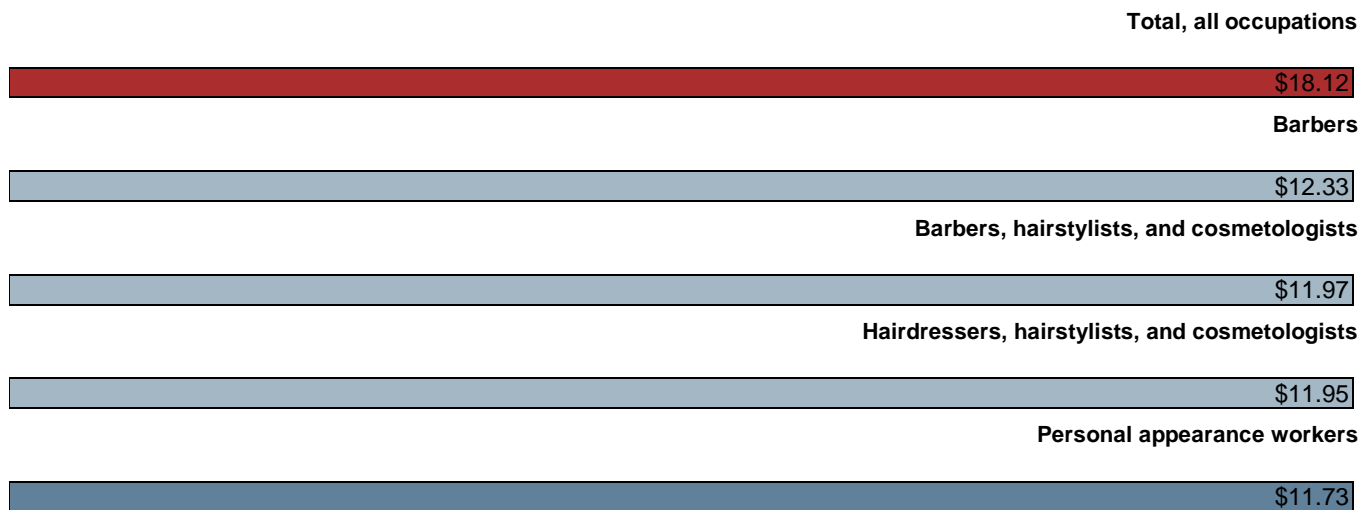

Physical stamina. Barbers, hairstylists, and cosmetologists must be able to stand on their feet for long periods.

Tidiness. Workers must keep a neat personal appearance and keep their work area clean and sanitary. This requirement is necessary for the health and safety of their clients and for making clients comfortable enough so that they will want to return.

Time-management skills. Barbers, hairstylists, and cosmetologists need to manage their time efficiently when scheduling appointments and providing services. For example, routine haircuts do not require the precise timing of some other services, such as applying neutralizer after a permanent wave. Clients who receive timely hair care are more likely to return.

Barbers, hairstylists, and cosmetologists may receive tips from customers. High quality work and customer service usually contribute to greater tip totals.

Many barbers, hairstylists, and cosmetologists work full time, however part-time positions are also common. Those who run their own barbershop or salon may have additional hours. Work schedules often include evenings and weekends—the times when beauty salons and barbershops are busiest. Those who are self-employed usually determine their own schedules.

Job Outlook

Barbers, Hairstylists, and Cosmetologists

Percent change in employment, projected 2016-26

Note: All Occupations includes all occupations in the U.S. Economy.
Source: U.S. Bureau of Labor Statistics, Employment Projections

Employment of barbers, hairstylists, and cosmetologists is projected to grow 13 percent from 2016 to 2026, faster than the average for all occupations. The need for barbers will stem primarily from an increasing population, which will lead to greater demand for basic hair care services. In addition, demand for hair coloring, hair straightening, and other advanced hair treatments has risen in recent years, a trend that is expected to continue over the coming decade.

Job Prospects

Overall job opportunities are expected to be good. A large number of job openings will stem from the need to replace workers who transfer to other occupations, retire, or leave the occupation for other reasons. However, workers should expect strong competition for jobs and clients at higher paying salons, of which there are relatively few and for which applicants must compete with a large pool of experienced hairstylists and cosmetologists.

#Note: Chapter 33 students can register at the VA Regional Office to use E-Benefits to get the equivalent of a Chapter 33 Certificate of Eligibility. Chapter 31 students cannot get a completed VA Form 28-1905 (or any equivalent) before the VA VR&E case-manager issues it to the school.

- Provide written request to be certified
- Provide additional information needed to properly certify the enrollment as described in other institutional policies.

Institutional Refund Policy

This refund policy applies to tuition and fees charged in the enrollment agreement. Other miscellaneous charges the student may have incurred at the institution (e.g.: extra kit materials, books, products, unreturned school property, etc.) will be calculated separately at the time of withdrawal. All fees are identified in the catalog and in this enrollment agreement.

Cancellations and Withdrawal Date of Determinations

For applicants who cancel enrollment or students who withdraw from enrollment, a fair and equitable settlement will apply. The following policy will apply to all terminations for any reason, by either party, including student decision, course or program cancellation, or school closure. Students who withdraw or terminate prior to course completion are charged a cancellation or administrative fee of \$100.00. Official cancellation or withdrawal shall occur on the earlier of the dates that:

- a. An applicant is not accepted for admission and is entitled to a refund of all monies paid except a non-refundable application fee of \$75.00.
- b. A student (or in the case of student under legal age, his/her parent or guardian) cancels the enrollment in writing within three business days of signing the enrollment agreement, all monies collected by the school minus the \$75.00 non-refundable application fee shall be refunded to the student. The date of the cancellation will be the postmark date on the written notification or the date the notice is delivered in person.
- c. A student cancels the enrollment more than three business days after signing the contract but prior to starting classes; a refund of all monies paid to the school less the application fee in the amount of \$75.00 will be made. The \$75.00 application fee covers the cost of processing a student's application. The date of the cancellation will be the postmark date on the written notification.

- d. A student notifies the institution of his/her withdrawal. The date of the withdrawal will be the postmark date on the written notification or the date the notice is delivered in person.
- e. A student on an approved leave of absence notifies school officials that he/she will not be returning to class. In this instance, the date of withdrawal shall be the earlier of the date of expiration of the leave of absence or the date the student notifies school officials that he/she will not be returning.
- f. A student is terminated from the barbering program by school officials.
- g. School officials monitor student attendance by reviewing all training hours earned daily. An unofficial withdrawal occurs when a student fails to attend class for fourteen (14) consecutive days. The withdrawal date shall be fourteen (14) days after the student's last verified day of attendance.

Refund Calculations

For students who enroll and begin classes but withdraw prior to course completion, a refund will be calculated based on the scheduled hours in the period of enrollment for which the student has been charged. The period of enrollment for which the institution charged shall be calculated by dividing the total number of clock hours comprising the period of enrollment for which the student has been charged into the number of clock hours remaining to be completed by the student in that period as of the last recorded day of attendance.

In adherence with the South Carolina Commission on Higher Education's Regulation Governing Nonpublic Postsecondary Institutions, the institution shall keep a pro-rated portion of the tuition rounded downward to the nearest 10% for students who withdraw within the first 60% of the first payment period (period of financial obligation) in which they are attending; beyond 60% of the student's first pay period, students are obligated for the full tuition for the pay period in which they are attending. The same will apply to students with mitigating circumstances who withdraw in subsequent period(s) of enrollment. Mitigating circumstances are those that directly prohibit pursuit of a program and which are beyond the student's control: serious illness of the student, death in the student's immediate family, or active duty military service, including active duty for training. In pay periods after the first pay period of enrollment (for students without mitigating circumstances), the institution will keep a prorated portion of tuition for students who withdraw within the first 20% of the pay period; beyond 20% the student is obligated for full tuition.

School Closure	If permanently closed or no longer offering instruction after a student has enrolled, the school will provide a pro rata refund of tuition to the student OR provide course completion through a pre-arranged teach out agreement with another institution.
Course Cancellation	If the course is canceled after a student's enrollment, the school will either provide a full refund of all monies paid or completion of the course at a later time.
Course Interruption	If the course is cancelled after students have enrolled and instruction has begun, the school shall provide a pro rata refund for all students transferring to another school based on the hours accepted by the receiving school OR provide completion of the course OR participate in a Teach-Out Agreement OR provide a full refund of all monies paid.

Refund Terms

1. **Fees:** Any student who withdraws or is terminated prior to course completion will be charged the full cost of the training kit & supplies (currently \$1,500.00), the textbook bundle if the student did not purchase independently (\$225.00), and uniforms as these items are issued to every student at the start of class. All efforts will be made to refund prepaid amounts for books, supplies and other charges unless the student has consumed or used those items and they can no longer be used or sold to new students, or returned by the institution to the supplier as “new” merchandise.
2. **Title IV Financial Aid Recipients:** If a Title IV Financial Aid recipient withdraws prior to course completion, a calculation for return of Title IV funds will be completed and any applicable returns by the school shall be paid, as applicable, first to Unsubsidized Federal Stafford Student Loan Program; second to Subsidized Federal Stafford Student Loan Program; third to Federal Pell Grant Program; fourth to other federal, state, private or institutional student financial assistance programs; and last to the student. After all applicable returns to Title IV have been made, this refund policy will apply to determine the amount earned by the school and owed by the student. If the student has received personal payments of Title IV Aid, he/she may be required to refund the aid to the applicable program.
3. **Disbursement of Refunds:** Any monies due to the applicant or student shall be refunded within 45 days of the official cancellation or withdrawal (date of determination as defined above), whether the withdrawal was official or unofficial. The funds will be disbursed via check.

Attendance Policy

Top of the Line Barber College requires all students to attend class regularly as scheduled in the course syllabus. Moreover, students are expected to participate in class as required by the instructor. Students who adhere to this policy will be better prepared to graduate and obtain a license than their counterparts who miss class regularly or fail to participate.

Class Schedule

Students are expected to be at school on time and prepared for class as scheduled. It is recommended that students arrive at least fifteen (15) minutes prior to a class' start time. The class schedule is listed below.

Full Time: 9:00am - 4:30pm, Tuesday – Saturday

Part Time Day: 9:00am - 1:00pm, Tuesday – Saturday

Part Time Evenings: 5:00pm - 10:00pm, Tuesday – Friday

Full time students must clock out for thirty (30) minutes for lunch each day. Part time students receive a fifteen (15) minute break each day.

Minimum Attendance Rate

A student's attendance record is considered as a part of the evaluation and advising process. *Top of the Line Barber College* requires all students to be present for 67% of all scheduled class opportunities. Any student who fails to meet this standard is considered to be in violation of the school's Satisfactory Academic Progress Policy. Students must complete all 1500 scheduled clock hours to graduate from the program.

Tardiness

A student is considered tardy if he/she is more than fifteen (15) minutes late for a scheduled class. A student may be granted permission to be tardy only if the instructor deems his/her reason for tardiness as valid or for doctor's appointments, jury duty, etc.

Penalties for Tardiness

1. Any student who is more than thirty (30) minutes late for a scheduled class, without a valid excuse or written permission from the instructor, will not be allowed to clock in and will be dismissed from school for the day. The absence will count as unexcused.
2. Any student who is tardy more than five (5) times, without a valid documented excuse, during a thirty (30) day period is considered to be in violation of the attendance policy and is subject to a suspension. The student must pay an administrative fee of \$75.00 upon their return from suspension or they will not be allowed to attend class. Furthermore, the initial suspension will be for two days and any further violations will result in program termination.
 - a. Initial Violation = Two (2) Day Suspension
 - b. Subsequent Violation = Program Termination

Absences

Any days that a student must miss from school will be documented in his/her school records. It will also be documented in the school's permanent record. Doctor's visits, school conferences (for dependent children), memorial/funeral services (for immediate family) will be excused with valid documentation; all other excuses will be judged on a case by case basis at the discretion of school officials. Furthermore, a student must be present for a minimum of 80% of all scheduled training hours in order to maintain satisfactory academic progress.

Excused Absences

There are certain situations in which a student's absence(s) may be excused. An excused absence may be made up at a later date at no additional cost to the student. An excused absence will still count towards a student's attendance percentage; this means the absence will be used in the calculation of a student's attendance percentage when conducting an SAP evaluation.

A student must submit written documentation upon returning to school in order for the absence(s) to be considered excused. The following situations are considered excusable, provided the student submits the proper documentation. This list is not all inclusive as every situation will be considered on its own merit.

1. **Medical:** If a student, or member of their immediate family, is scheduled to undergo surgery or medical treatment that will require extended recovery time and/or rehabilitation.
 - a. **Documentation:** Doctor's Note
2. **Jury Duty/Legal Proceedings:** If a student has been assigned jury duty or has a pending court case.
 - a. **Documentation:** Jury duty notice; notarized letter from attorney or court clerk
3. **Military Deployment:** If an active-duty servicemember or reservist is deployed.
 - a. **Documentation:** Deployment Order
4. **Bereavement:** If an immediate member of a student's family passes away and the student needs time to grieve.
 - a. **Documentation:** Obituary; Death Certificate
5. **Employment Training:** If a student must attend an extended training seminar/workshop as required by their employer.
 - a. **Documentation:** Workshop/Seminar Certificate (Upon Completion)

Unexcused Absences

An absence is considered inexcusable if a student is unable to provide a reason, along with valid documentation, that satisfies the criteria for an excused absence. An unexcused absence may be made up; however, the student is responsible for paying the cost of the additional training time. Currently, the rate for additional training time is \$250.00/week or any part thereof. Unexcused absences are included in the calculation of a student's attendance percentage during an SAP evaluation.

Penalty for Excessive Absences

1. If a student is absent, without excuse, for fourteen (14) consecutive days, then he/she will be determined as not in compliance with the school's attendance policy and will be terminated from the program. If the student is a Title IV Federal financial aid recipient, then he/she will no longer be eligible to receive aid and may be responsible for repaying any disbursed loans.

2. Students in the extended orientation class (initial 225 clock hours of training) may not accumulate any unexcused absences. Failure to comply with this standard will result in the immediate termination of the student.

Leave of Absence

A leave of absence (LOA) may be granted for students who must miss an extended period of time but want to remain enrolled. All requests for a leave of absence must be submitted in writing and cannot exceed a period of 180 days in any 12-month period.

A student will not be granted a LOA if the LOA, together with any additional LOAs previously granted, exceed a total of 180 days in any 12-month period. All students must adhere to this policy when requesting a LOA.

There must be a reasonable expectation that the student will return from the LOA. School officials will meet with the student to determine the length of time to be granted for the leave of absence. All leaves of absence must be approved by school faculty and administrators. An approved leave of absence will result in the student's enrollment agreement being extended by the same number of days taken for the leave of absence.

Authorized Reason for Requesting Leave of Absence (2)

The list below outlines the school-approved reasons for requesting a LOA. Please note this list is not all-inclusive; all LOA requests will be reviewed on a case-by-case basis.

1. **Medical:** If a student, or member of their immediate family, is scheduled to undergo surgery or medical treatment that will require extended recovery time and/or rehabilitation.
 - a. **Documentation:** Doctor's Note
2. **Jury Duty/Legal Proceedings:** If a student has been assigned jury duty or has a pending court case.
 - a. **Documentation:** Jury duty notice; notarized letter from attorney
3. **Military Deployment:** If an active-duty servicemember or reservist is deployed.
 - a. **Documentation:** Deployment Order
4. **Bereavement:** If an immediate member of a student's family passes away and the student needs time to grieve.
 - a. **Documentation:** Obituary; Death Certificate
5. **Employment Training:** If a student must attend an extended training seminar/workshop as required by their employer.
 - a. **Documentation:** Workshop/Seminar Certificate (Upon Completion)

Students will be required to submit the required documentation along with the request. In the case of bereavement or employment training, the student may not have any documentation at the time of the LOA request; the student will be required to submit the documentation upon return. Failure to submit documentation will result in a determination of an unauthorized LOA. As a result, the student's unapproved LOA will result in a status on "Non-Compliant" with the school's attendance and SAP policies; such a determination could result in the loss of eligibility for Title IV Federal Financial Aid and/or Veteran's Education Benefits.

Official Request for Leave of Absence

All official requests for leaves of absence must be submitted in advance in writing, include the reason for the request, and include the student's signature. Upon receipt, school officials will review the student's request and issue an approval or rejection. There must be a reasonable expectation that the student will return from the LOA. The student will be informed in writing of the decision. A student granted an LOA that meets these criteria is not considered to have withdrawn, and no refund calculation is required at that time.

Emergency Leaves of Absence

In some cases, a student may not be able to officially request a leave of absence prior to leaving school. In such an instance, school officials are authorized to grant an emergency leave of absence upon making contact with the student.

School officials would inform the student of the necessary documentation required to satisfy the emergency leave of absence request, which the student would need to provide upon returning to school. Failure to provide the necessary documentation would result in the emergency leave of absence being removed from the student's attendance record. As a result, the student's unapproved leave will result in a status on "Non-Compliant" with the school's attendance and SAP policies; such a determination could result in the loss of eligibility for Title IV Federal Financial Aid and/or Veteran's Education Benefits.

The beginning date of the approved LOA would be determined by the institution to be the first date the student was unable to attend the institution because of the emergency. A student granted an LOA that meets these criteria is not considered to have withdrawn, and no refund calculation is required at that time.

Return from Leave of Absence

School officials must use their professional judgement to determine if a student can, within reason, be expected to return to school from an official or emergency leave of absence before approving the request. If the school official believes the student may not return from leave, then the request will be denied. School officials will advise the student that officially withdrawing from school may be the best course of action in such cases.

If a student fails to return as scheduled from an approved leave of absence and fails to contact school officials to request an extension, then he/she is considered withdrawn from the program. If the student chooses not to return to school after a leave of absence, then his/her withdrawal date will be the last verified date of attendance for the purposes of calculating any applicable refund.

If a student is on an unauthorized LOA, then he/she will be withdrawn from the program. In such cases, the student's withdrawal date for the purpose of calculating a refund will be the student's last date of attendance.

Contract Revisions as a Result of Leave of Absence

The institution may not assess the student any additional institutional charges as a result of an approved LOA. The institution must extend the student's contract period by the same number of days taken in the LOA. Changes to the contract period on the enrollment agreement must be initialed by all parties or an addendum must be signed and dated by all parties.

Make-Up Assignments

Students are responsible for completing any missed assignments and scheduling any tests missed during an absence. Students must meet with their instructor to schedule make-up tests.

Veteran's Affairs Addendum

By authority of Title 38, United States Code 3676 ©(14), the State Approving Agency may set any additional reasonable criteria for approval of programs for veterans and other persons eligible for VA education benefits (wherever the word "veteran" is used, it is intended to include all persons receiving VA education benefits). The following Attendance Policy has been established to set minimum standards of attendance for students enrolled in non-college degree (NCD) programs and receiving VA education benefits, and

- Is considered reasonable additional criteria,
- Will become a part of 3676 approvals (if institution's existing attendance policy is more restrictive, then that policy will be used),
- Will be listed as an addendum to the institution's catalog, bulletin, or handbook:

Veterans enrolled in NCD programs will be interrupted for unsatisfactory attendance when accumulated absences, tardies, and class cuts exceed twenty (20) percent of class contact hours (if the institution's existing policy is more restrictive, then that policy will be used). The interruption will be reported to the Department of Veterans Affairs (VA) within 30 days of the veteran's last date of attendance (use VAF 22-1999b).

A veteran may be re-enrolled for benefits at the beginning of the term following interruption because of unsatisfactory attendance only when the cause of unsatisfactory attendance has been removed. Once re-enrolled, a veteran will be interrupted for unsatisfactory attendance when accumulated absences, tardies, and class cuts exceed twenty (20) percent of the remaining contact hours (if the institution's existing policy is more restrictive, then that policy will be used). The interruption will be reported to the Department of Veterans Affairs (VA) within 30 days of the veteran's last date of attendance (use VAF 22-1999b). Veterans interrupted a second time for unsatisfactory attendance shall not be allowed to re-enroll for VA education benefits in the absence of *mitigating circumstances*.

Mitigating circumstances: Issues which directly hinder a veteran's pursuit of a course/program of study, and which are judged to be beyond the student's control are defined as mitigating circumstances. General categories of mitigating circumstances include but are not limited to:

- Serious illness of the veteran.
- Serious illness or death in the veteran's immediate family.
- Emergency financial obligations or change of place of employment or work schedule which preclude pursuit of the program/course.
- Active duty military service, including active duty for training.

Institutions having a published "Leave of Absence Policy" should discontinue VA educational benefits (use VAF 22-1999b) while that student is on "official leave of absence".

Course Withdrawal Procedures

Top of the Line Barber College students have the option of withdrawing from the program at any time. Any student wishing to withdraw from school must take the following steps.

1. Complete "Notice of Official Withdrawal" form.
2. Submit form to school. The form may be submitted in person by the student or delivered via the US Postal Service.
3. Meet with school official to complete "Withdrawal Calculation Worksheet" to determine the amount, if any, the student owes the school.
4. Fulfill any applicable financial obligation to the school.
5. Complete exit counseling for any Title IV financial aid programs, if applicable.
6. Receive Official School Transcript for all hours earned while enrolled.

Please be aware that a student's withdrawal is not official until the school has received the "Notice of Official Withdrawal" from the student either in person or via the mail. The date that this form is received will be deemed the student's official date of withdrawal; however, all refund calculations are based on the student's last date of attendance. Once the school has received this form, then the student will be formally withdrawn from classes and any applicable Title IV Federal Financial Aid will be returned.

Student Code of Conduct

Every student who is admitted into the barbering program at *Top of the Line Barber College* must adhere to the following code of conduct. These rules and regulations were established by the management group of *Top of the Line Barber College* and approved for implementation by the Board of Advisors. School officials will enforce these regulations consistently and equally.

1. All students must sign in at the administrative desk in upon arriving at the facility for class. Failure to do so may result in the student not receiving credit for all the clock hours of training earned during a particular day. School officials will not seek out students to determine when they arrived for class; officials will simply document the time that they first noticed the student on campus.
2. All students must attend academic theory classes as scheduled. A student may be excused from class in the case of an emergency.
3. Students must report to class on time as scheduled in the class syllabus. A student is considered tardy if he/she is more than fifteen (15) minutes late for class.
4. All students must actively participate in class and must be engaged in educational activities at all times. If a student is assigned to the clinic floor but no clients are available, then the student may only work on reading/workbook assignments or work on techniques in the practical lab. A student found to be in violation of this policy is subject to dismissal from school and may face additional disciplinary action. Students may also use downtime to study for make-up examinations or retests when applicable.
5. Students are required to notify the school on any day that the student is unable to attend classes so that proper arrangements can be made.
6. Students must seek permission from school officials to leave the facilities at times other than lunch or the end of the school day.
7. Students must dress in the appropriate attire as outlined in the school dress code. This includes maintaining proper hygiene and grooming.
8. Students will clean and maintain all implements and equipment according to the guidelines set forth by the manufacturer as well as school requirements. Additionally, students will sanitize all equipment and make sure their workspace is clean prior to serving a client as required by the state regulatory agency.
9. Students will be assigned sanitation duty via the sanitation duty roster. It is the responsibility of the individual student to check for his/her assignment and complete the duty as required. Students MAY NOT refuse to perform an assigned sanitation duty.
10. Smoking is prohibited in the building. Students will be allowed to smoke in the designated area. Additionally, all food and beverages must be consumed in the student lounge.
11. Students will treat faculty, staff, and clients with respect at all times. Furthermore, students must conduct themselves professionally in all of their interactions with each other. Actions or statements that may cause bodily harm to another student, a faculty or staff member, or a client is prohibited.

12. The number one goal of our students should be to provide clients with a memorable experience by offering them quality service at all times. As a result, there may be times in which a student will be asked to re-schedule lunch or another break in order to properly serve the clients in the facility. Additionally, a student MAY NOT refuse to perform a service for a client at anytime. A student may be suspended if he/she refuses to serve a client.
13. Students must use the appropriate process to file a complaint or grievance with a school policy or a faculty/staff member. Students are prohibited from publicly criticizing the school on school premises.
14. A student cannot interfere with the instruction of other students. Additionally, a student shall not endeavor to instruct another student. It is the sole responsibility of *Top of the Line Barber College's* faculty to provide ALL instruction to students.
15. Students will maintain the highest standard of integrity at all times. Cheating, plagiarism, falsification of records, or theft is strictly prohibited. Any student caught violating this policy may be terminated immediately.
16. Students will respect the personal property of others as well as school property. Any student caught intentionally vandalizing school property will be subject to suspension or termination and will be responsible for the cost to repair the damages.
17. Students' may not receive visitors or answer cell phone calls while serving a client. Additionally, all visitors must check in at the reception desk and wait in the lobby until the student can come up to see them. Furthermore, a student may only use the school telephone for school related matters or in the case of an emergency.
18. The student is solely responsible for his/her personal belongings and training equipment. Additionally, a student is responsible for having all the materials necessary for participation in class.
19. Any student who is logging more than six hours per day is required to take a thirty minute lunch break. Students who are logging less than six hours per day are entitled to a fifteen minute break. The break period will be assigned by the faculty or staff. As a result, the student must take his/her break at the designated time or not at all. Break times do not accumulate. In other words, a student could not forgo his/her scheduled lunch break and then use that time to leave thirty minutes early from school.

Student Discipline

The following penalties have been established by the *Top of the Line Barber College* Advisory Committee. They apply to students who are found to be in violation of school policies regarding student conduct or the dress code. Please note that school officials are charged with using their discretion in determining the appropriate punishment. School officials will consider the nature of the offense as well as the severity of the violation and whether or not it is a repeat offense. In some instances not all of the following penalties may be applied if school officials determine that the nature and severity of the offense merits a stronger penalty. In other words, a student may be terminated from the program even if all disciplinary options have not been exhausted if school officials determine such a penalty is warranted.

Discipline Process

Students found to be in violation of school policy may be subject to the following penalties.

Offense*	Penalty
1 st Offense	Verbal Warning-Informal Counseling
2 nd Offense	Written Warning-Formal Counseling
3 rd Offense	Discipline Report-Suspension
4 th Offense	Termination

*Please be aware that threats of violence and physical altercations are strictly prohibited and will result in a student's immediate termination from the program. The student(s) may also face charges from law enforcement officials in such instances. *

- 1st Offense: Verbal Warning**-Students will receive a verbal warning after the first violation of school policy. The verbal warning is basically a one-on-one counseling session between a faculty/staff member and the offending student. The goal is to inform the student of his/her violation and instruct the student in the proper conduct. The verbal warning will be documented in the student's file; if the student repeats the offending behavior/conduct, then more severe penalties will be issued; the warning will be removed from the student's file if no further violations occur within thirty (30) days.
- 2nd Offense: Written Warning**-If a student continues to violate school policy after receiving a verbal warning, then a written warning will be issued. The written warning is formal documentation that a student has been warned and counseled about his/her actions and conduct; it is the final warning before severe disciplinary action is taken. The written warning will be removed from a student's file if no further violations occur within sixty (60) days.
- 3rd Offense: Discipline Report**-If the offending behavior/conduct continues after the student has received a written warning, then faculty/staff will dismiss the student from school for the remainder of the day and suspend them from the program; the suspension may not exceed five (5) days in length. Faculty/staff will write up a disciplinary report; this report documents the offending behavior, as well as the previous attempts to correct the behavior, and the penalty issued by the school. In some cases, school officials may decide to require the student to adhere to special restrictions as a condition of his/her return. In any case, the student will be informed that any future violations will result in his/her termination from the program. Discipline reports will remain in a student's file permanently.

4. **4th Offense: Termination**-A student will be terminated from the program after his/her fourth violation of school policy. If the student is a Title IV federal financial aid program recipient, then he/she may be responsible for repaying the full amount of any funds received to the applicable program.

Disciplinary Appeals Process

Students have the right to appeal a school official's decision regarding an alleged violation and the subsequent punishment; the Student Discipline Council will hear all appeals. The purpose of this committee is to resolve any disputes a student has regarding disciplinary action taken by school officials. The council is composed of the school Director, the admissions director, a faculty/staff representative, and two (2) members of the Advisory Committee. The student agrees to abide by the committee's decision regardless of the outcome.

1. **Official Notification**-The student must declare, in writing, their desire to appeal the school decision within 24 hours of the discipline report.
2. **Hearing Scheduled**-Once school officials have been made aware of the student's desire to appeal the decision, they must schedule a date/time for the appeal hearing and inform the student of this date. This date must be no more than seven (7) business days after the initial disciplinary decision was made.
3. **Hearing Conducted**-The student will have the opportunity to gather evidence, including witnesses, to present his/her case to the Appeals Committee. The committee will be given the opportunity to review the evidence presented and interview any witnesses.
4. **Deliberation**- After hearing the student's case, the committee will convene to consider its ruling. The committee must not only determine whether or not to uphold or overturn the original decision; if they choose to overturn the original decision, then they must determine the appropriate punishment, if any, to be issued. The committee has 48 hours to deliberate and issue a decision; all decisions must receive a majority affirmative vote before they become official.
5. **Decision Issued**-The committee will inform the student of its decision. If the committee chooses to uphold the original decision, then no further action is required. If the committee chooses to reverse the original decision, then the original decision will be stricken from the student's record as well as the school's record. The committee's new penalty, if applicable, will be entered into the school's files and the student's official record. The decision issued by the committee is final.

TERMINATION & ENROLLMENT CONTRACT NULLIFICATION

This contract will be immediately nullified, and the student will be terminated for the following reasons:

- Failure to maintain satisfactory academic progress (SAP).
- Failure to comply with school policies, rules, and regulations.
- Insubordination or disrespect of clients, faculty, staff, and fellow students.
- Refusal to provide service to a client.
- Failure to fulfill the financial obligations of the enrollment agreement contract.

Student Privacy

Top of the Line Barber College takes privacy very seriously. We take great strides to ensure that no student, staff, or client information is distributed to any party without prior written authorization. Our faculty and staff members must sign a confidentiality agreement as part of the hiring process; the agreement stipulates that employees will not divulge any information to any party, unless it is required as a function of their position, without written authorization.

The Family Educational Rights and Privacy Act otherwise referred to as FERPA (20 U.S.C. §1232g; 34 CFR Part 99) is a federal law designed to protect the privacy of a student's education record. Under this law a parent is granted certain rights in regard to their dependent child(ren)'s education records. These rights transfer to the student when he/she reaches 18 years of age or when the student enrolls in a post-secondary institution such as a college or trade school. *Top of the Line Barber College* is fully compliant with this statute.

Student & Parental Rights

The following rights have been granted to students and/or the parents of dependent minors under FERPA. These rights pertain to the access and disclosure of personally identifiable information of a student's education record. Furthermore, the procedures for exercising these rights are explained.

1. **Students and the parents of dependent minors have the right to review their education record.** -The student must submit a request, in writing, to the school official in charge of maintaining student records. The request must specify which record(s) the student wishes to review. The school has 45 days to furnish the student with a copy of the record or make arrangements for the student to review the original document. If the student submitted the request to the incorrect official, then that official will notify the student of the proper official to submit the request to.
2. **Students and the parents of dependent minors have the right to request that their education record be amended.** -If the student believes his/her record is inaccurate, misleading, or otherwise in violation of the student's rights granted under FERPA, the student may request that the record be amended. The student must submit a written request to school officials stating why the record(s) are incorrect, attaching relevant support documents, and specifically identify how the record should be amended. School officials will review the student's request and supporting evidence and render a decision. If the school chooses to honor the student's request, the student will receive notification in writing and a copy of the corrected record. If the student's request is denied, school officials will notify the student of this decision and of their right to request a hearing concerning the amendment request. If the student chooses to request a hearing, school officials will inform the student of the procedures for holding the hearing.

2. The school will explain the procedures necessary for students to exercise these rights in its annual notification.
3. The school will maintain a record in each student's file listing to whom personally identifiable information was disclosed and the legitimate interest the parties had in obtaining the information. School officials with legitimate educational interests and the school directory are excluded from this provision.
4. The school will not release any information from a student's file without seeking the written approval of the student and/or parent/guardian if applicable.

Student Grievances

The faculty and staff of *Top of the Line Barber College* take student complaints very seriously. School officials will strive to make every reasonable attempt to address and resolve all student grievances in a timely manner. Complaints and grievances that are frivolous in nature or are without merit will be dismissed; for example, not wanting to complete the coursework is not a valid complaint.

Definition

For the purposes of this policy, grievance is defined as actual or alleged actions that infringe upon a student's ability to fulfill the program requirements. A student may have a grievance against a faculty/staff member or against a fellow student.

Internal Grievance Procedure

The following procedures have been established by the *Top of the Line Barber College* Advisory Committee for students wishing to file an internal grievance. Students will be made aware of these procedures during the orientation session prior to the first day of class. Students must adhere to these procedures; otherwise the school will not address the complaint. All documentation regarding a grievance, including the outcome, will be retained in the student's record and in the school's file. School officials will monitor the nature, frequency, and patterns of complaints for the institution as well as individual students.

1. The student should register the complaint in writing on the designated form provided by the institution within 60 days of the date that the act which is the subject of the grievance occurred. Students may request a grievance form from an administrative staff member; furthermore, students are instructed to submit the completed form to an administrative staff member.
2. The grievance form will be given to the Director of Academics, who represents the school's management team. The management team is composed of the Director of Academics, the Director of Admissions, the Director of Business, and the Director of Financial Aid.
3. The grievance will be reviewed by the management team and a response will be sent in writing to the student within 30 days of receiving the complaint. The initial response may not provide for final resolution of the problem but will notify the student of continued investigation and/or actions being taken regarding the complaint.
4. If the complaint is of such nature that it cannot be resolved by the management, it will be referred to an appropriate agency if applicable.
5. Depending on the extent and nature of the complaint, interviews with appropriate staff and other students may be necessary to reach a final resolution of the complaint.
6. In cases of extreme conflict, it may be necessary to conduct an informal hearing regarding the complaint. If necessary, management will appoint a hearing committee consisting of one member of the management team, an administrative staff member who may not be related to the student filing the complaint or another student in the school, and a member of the school's Advisory Committee. The hearing will occur within 90 days of committee appointment. The hearing will be informal with the student presenting his/her case followed by the school's response. The hearing committee will be allowed to ask questions of all involved parties. Within 15 days of the hearing, the committee will prepare a report summarizing each witness' testimony and a recommended resolution for the dispute. School management, led by the school Director shall consider the report and either accept, reject, or modify the recommendations of the committee.

7. Students must exhaust the institution's internal complaint process before submitting the complaint to the school's accrediting agency, if applicable.

Campus Safety

This section was created to provide *Top of the Line Barber College* faculty, staff, and students with guidelines for addressing safety and security concerns as well as emergency situations. Informed, well trained individuals are more likely to make wise decisions during times of crisis. This section also has resources for counseling and mental health services.

All faculty, staff, and currently enrolled students will be given a copy of these procedures for their personal use. Additionally, a copy will be kept at the administrative desk for clients and visitors to review.

Management requires all faculty and staff members responsible for coordinating emergency operations to adhere to the policies and procedures described in this chapter. Management also authorizes those individuals to use discretion and make exception to these policies, in the interest of safety, when necessary.

Purpose

The procedures detailed in this manual are intended to preserve life and, when possible, minimize property damage. Since emergencies normally occur with little to no warning, the procedures are designed to be flexible in order to accommodate any necessary contingency plan(s). Moreover, these procedures address the issues that one could ideally expect to encounter during an emergency situation.

This section also outlines the campus security policy. It outlines who has access to the facilities and the timeframe of said access. Additionally, the procedures for reporting a crime on campus are explained as well. The school's alcohol and drug policy is explained

Finally, a list of agency referrals for those faculty, staff, and students who require counseling for a variety of issues is provided at the conclusion of this chapter.

Sexual harassment is a type of workplace discrimination. It is a violation of the Civil Right Act of 1964. When an employee makes continuous, unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature towards another employee it is defined as sexual harassment. Sexual harassment occurs when an employer's actions create a hostile work environment for an employee by either explicitly or implicitly stating that the acceptance or rejection of a sexual request will impact the employee's job status. *Top of the Line Barber College* strictly prohibits any type of sexual harassment.

Examples of Sexual Harassment

There are a variety of situations in which sexual harassment may occur in the workplace. The following examples are not meant to be a definitive list of the types of sexual harassment that may occur.

1. Unwanted jokes, gestures, offensive words/images on clothing.
2. Making physical contact such as patting a coworker on the back or grabbing an employee around the waist. Also impeding someone's path or interfering with their ability to move.
3. Repeated requests for a date or sexual favors that are denied.

5. Displaying sexually explicit or suggestive pictures, posters, or objects.

Any employee who is proven to be sexually harassing another employee, group of employees, or student may be terminated immediately; if the individual is a student, then he/she will be terminated immediately. Furthermore, the individual may be subject to criminal and/or civil penalties. The following procedures have been established to allow individuals whom are the victims of sexual harassment to receive resolution.

1. **Report:** Any employee or student who is the victim of sexual harassment or witnesses an act of sexual harassment should report the action to management immediately. Any individual who reports alleged acts of sexual harassment is presumed to have done so in good faith. It is a violation of this policy to knowingly provide false statements regarding allegations of sexual harassment.

2. **Investigation:** The supervisor will take statement from the alleged victim or victims as well as any witnesses to the alleged acts. The alleged perpetrator will be given an opportunity to defend his/her actions. If it is determined that there is insufficient evidence to support the allegations, the claim will be dismissed. If it is determined that there is sufficient evidence to support the claim, then a determination must be made as to the appropriate penalty. Law enforcement officials may be contacted if it is determined that the actions of the alleged perpetrator could be construed as criminal.
3. **Resolution:** The employee/student will be punished, if the allegations are proven true. Depending upon the severity of the harassment, the employee may be terminated immediately or suspended without pay for a predetermined length of time. As a condition of the suspension, the employee may be ordered to undergo counseling prior to returning to work. Any student who is found to be harassing classmates or staff members will be immediately terminated.
4. **Record:** All documentation concerning a sexual harassment claim will be retained. Copies of all documents will be recorded in the applicable employees' file. The school will also maintain a master log of all sexual harassment claims and the results of any investigations. The report will be added to the campus crime log.
